In view of the increase in the generally with American tourists, the June issue of Rod and Gun which is a special Ontario Tourist Number is particularly interesting.

All stories and articles in the number, with the exception of the regular features, deal with Ontario sport while a personal message from the Premier of Ontario welcomes all tourists to the province and a special Ontario section describes some of the beauty, health, fishing and hunting resorts of Ontario.

A new aspect of angling is given "The Jumbo Trout of Lake Superior," possibly the gem of the table of conients; while "Trout Fishin'" is a delightful reminiscence of the creeks of old Ontario.

The regular gun, fishing, outdoor and kennel departments contain specially interesting material

# An Experiment That Succeeded

Five years ago the people of Alberta, disgusted with the failure of Party Government to function to the advantage of the Province, defeated the candidates of the party machines, and experimented with a Government composed of men with no previous parliamentary experience, but actuated by a desire to serve the people's interests.

Five years have elapsed since that election. The Government formed then, goes back to the electors this month for their verdict.

The party machines are doing their utmost to defeat the only business and non-party Government the Province has ever had. U.F.A. candidates are responsible to their constituents, not to Ottawa. They have no blessings from Mackenzie King or Meighen, no patronage to distribute, no promise to make but that of continued good Government.

The members of the U. F. A. have subscribed funds and contracted for this space in The Macleod Times and in the limited time and space available from now till election day will endeavor to broad-cast the facts. Further facts will be given at U. F. A. meetings to be held in your district, at which your attendance is invited.

The trial at the polls this year will be the first time the new Alberta election act has been applied in a province-wide way, having been previously in force for a number of by-elections only. Similarly it will be the first test

of preferential voting in a general election, while in the Edmonton and Calgary ridings there will be trials of the fullfledged proportional representation system. With the exception of these two ridings all the seats will be one member each.

There will be 52 seats, with 60

members to elect, the extra eight members being divided equally be-tween Edmonton and Calgary. Premier Brownlee is down as Ponoka's stand-ard-bearer again, and Hon. George Hoadley will run in Okotoks. Nom-inations will be made in the other constituencies between now and June 12 and meetings for that purpose are now being held.

If it does, the saving will amount to nearly one half on the cost of the last general election, for in 1921 the figures were \$252,800.
